## A Matu Chin Testimony - Mr. T. Bil, Myanmar

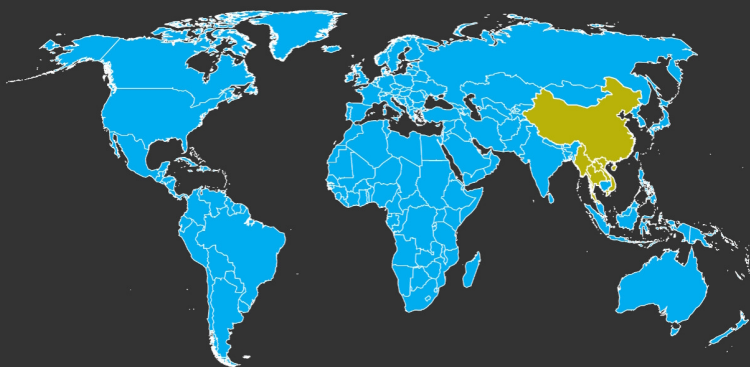

"I am Reverend T. Bil, 85 years old, and I am the former pastor of a Church in Matupi Township, Chin State. I was the first person from my village to convert to Jesus Christ. My parents, and everyone in our village, were animist worshipers. My parents sent me out of the village to go to school in Matupi Town. There were Christian churches in Matupi and I was curious to go and learn what they were teaching, but my parents didn't allow me to go. I graduated and became a teacher in Mindat Township, about a four hour drive from Matupi. Then my parents got sick and they both died. So then I asked some local pastors about Christ. The pastors shared daily with details about Christ. They did this for six months, and then I decided to accept Christ as my personal Savior and Lord. I was 23 years old then.

After I accepted Christ, I went back to my village and shared the gospel. My villagers rejected my sharing and arrested me, because I became a Christian. They beat me more than 30 times and kicked me out from the village. I moved to another village to rest and heal. And after I was healed I went back again and shared the gospel to the people in my village. Once again they arrested me and beat me and kicked me out from the village. I moved to another village, and after I was healed, I went back to my village a third time and shared the gospel again. By the grace of God, this time the village leader accepted Christ and he forbid all of the villagers from kicking me out from the village. This leader let me stay in the village, so I stayed and preached the gospel to the people. After one year, all of the villagers accepted Christ and became Christians.

After I accepted Christ and all my villagers became Christians, I stopped working as a school teacher and I decided to study in Bible school. God opened the door for me and I completed my course when I was 30 years old. From that time until today I have served the Lord. Even though I have retired from being a pastor, I am still serving the Lord as much as I can.

I am so happy with our Matu Standard Bible with Hymnal, because we Matu people have needed this more than anything else. We Matu people are growing spiritually after receiving Bibles. Even though the military closed all phone lines and internet in our area, our Matu people are growing spiritually, because the military couldn't stop us from reading the Bible and growing nearer to God. Thanks for sending free Bibles to our Matu people. And even though we cannot attend church most of the time, since the military isn't allowing large gatherings these days, all families are reading the Bible in their homes and they worship the Lord regularly. I am always praying for you all. We will see each other in heaven and that time I will say to you face to face "THANK YOU FOR YOUR SUPPORT AND HELP FOR OUR MATU BIBLE." God bless you all."

In 2022, the Blue Hmong Christians in a partner church in SE Asia asked for a very specific Blue Hmong Bible with large print. They needed the large print Bibles, they explained, because the believers had bad eyes and couldn't read the small print in other Bibles. Upon getting back from this trip, we were asked "could the next team bring glasses and magnifier cards so they could read better?" What a Brilliant idea! The 2023 courier team carried in 400 pairs of glasses and magnifiers for the believers in this church and other partner churches. The brothers and sisters were so excited to receive their new glasses! (see below).
